# About Time Administration

## Background

SAP CATS (Cross Application Time Sheet) is a tool used to record hours for paid-on-claim work. The Time Administrator captures the hours per staff member for the previous 5 weeks, capture in the future is not possible. The captured hours are submitted to the staff member’s Manager for approval on Employee Self-Service (ESS). The maximum number of hours allowed for paid-on-claim staff is 12 hours per day and a total of 60 hours per week.

Overtime and standby hours were previously captured by Time Administrators but these hours are now captured by staff members on Employee Self-Service (ESS).

## Reports

The Time Administrator will receive a daily report via email, showing recorded hours back to the first of the previous month. The daily reports will continue if there are hours in process (not yet released to the manager) or hours released for approval (still waiting for manager approval). In addition, there is a weekly report sent out on a Monday that shows recorded hours of all statuses (e.g. released for approval, approved, rejected).

C	D	E	F	G	H	I	J	K
Pers.No.	First Name	Last Name	Position	EE Subgroup	Date	Att./abs. type	Hours	Status

	S			MA - Hourly Paid	06.08.2020	4500 - Hours Worked	12,00	20 - Released for approval
	N			MA - Hourly Paid	20.08.2020	4500 - Hours Worked	1,00	20 - Released for approval
	N			MA - Hourly Paid	31.08.2020	4500 - Hours Worked	2,00	10 - In process
	S			MA - Hourly Paid	31.08.2020	4500 - Hours Worked	8,00	20 - Released for approval
	S			MA - Hourly Paid	17.08.2020	4500 - Hours Worked	12,00	30 - Approved

If there are recorded hours waiting for approval, Managers will receive an emailed report on a Tuesday.

## Monthly deadline date

The recording of hours must be completed, the hours released and approved by the Manager by the end of the 15<sup>th</sup> of the month in order to be included in the pay run.

# Installing SAP

## Procedure

1. If working remotely, install AnyConnect (VPN software). This allows you to access the UCT network when off campus. SAP will only run remotely if you first connect to the VPN (Virtual Private Network).  
<https://www.icts.uct.ac.za/services-working-remotely-virtual-private-network/install-anyconnect>.
2. Install SAP via the ICTS Downloads (<https://ictsdownloads.uct.ac.za/>) page.
  - Log in to the Downloads page with your 8-digit UCT staff number and network password.
  - Windows: Choose *General > Staff > Windows > SAP > SAP GUI*  
Mac: Choose *General > Staff > Apple > SAP*
  - Windows: Click the UCTPKG file to download and install SAP for Windows.  
Mac: Click the GUI770 file to download and install SAP for Mac.  
**Note:** For both Windows and Mac computers, the ICTS installation instructions are included in the *SAP* folder.
3. The latest version of SAP may default to the Quartz theme when installed. It is recommended that you change the theme to Blue Crystal to match the buttons and screenshots used in the support materials. See: [Changing the SAP theme](#) on the next page.

## Support

If you experience problems installing SAP or AnyConnect, please contact the [IT Service Desk](#) for assistance.

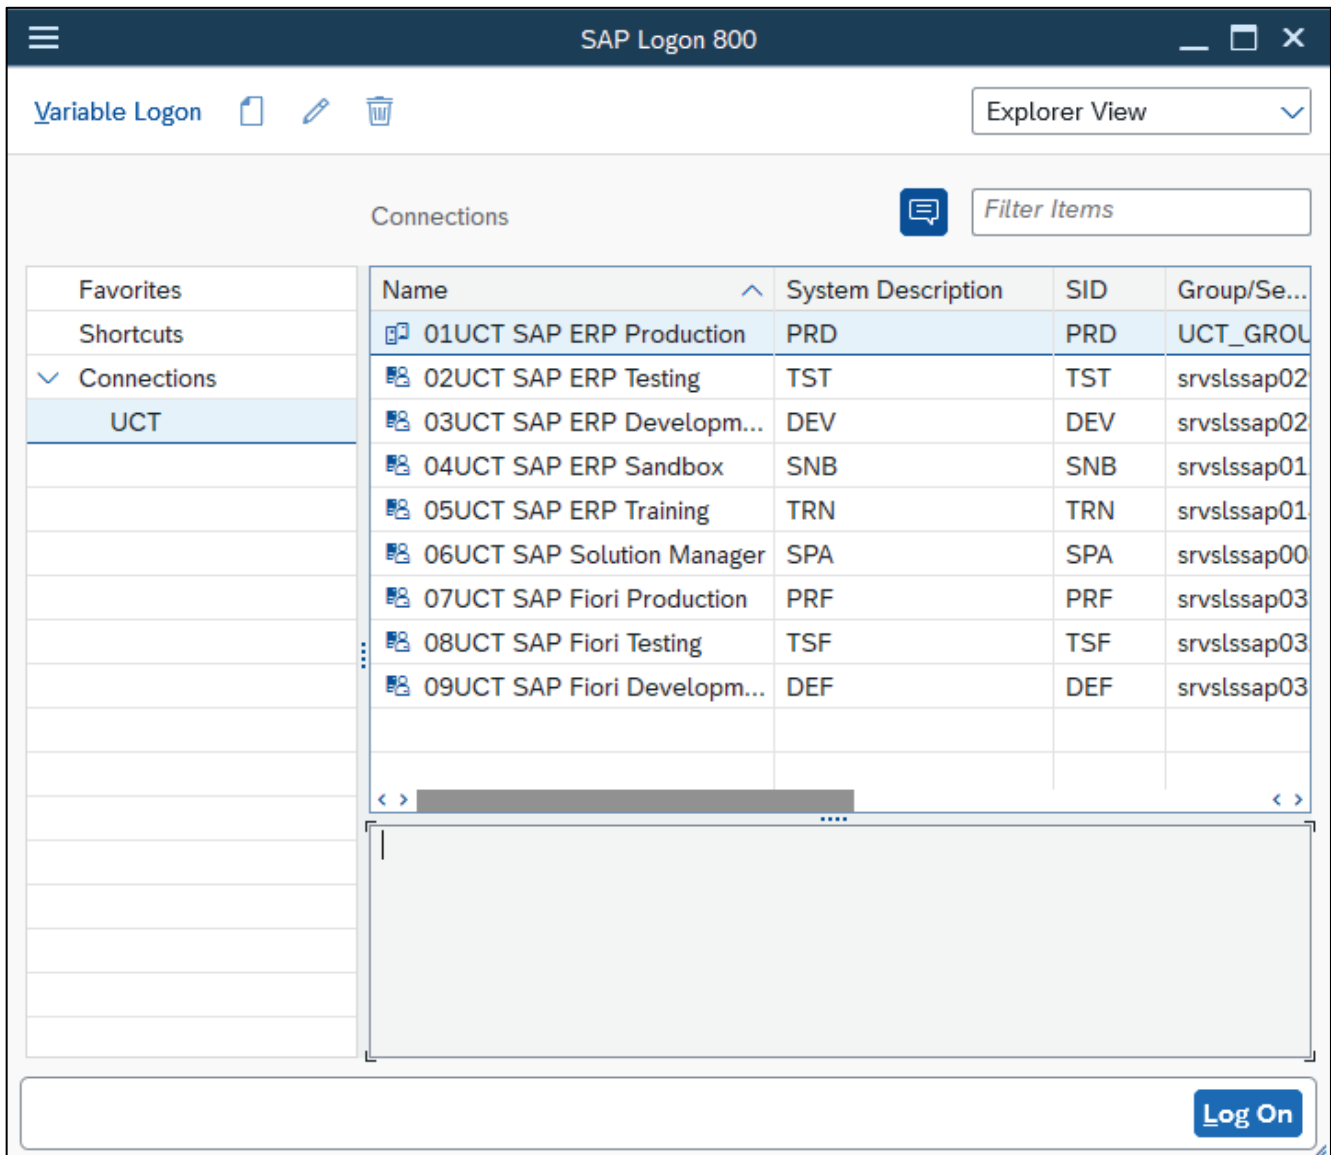

# Changing the SAP theme

## Support

If you experience problems with changing the SAP theme, please contact the [IT Service Desk](#) for assistance.

## Procedure

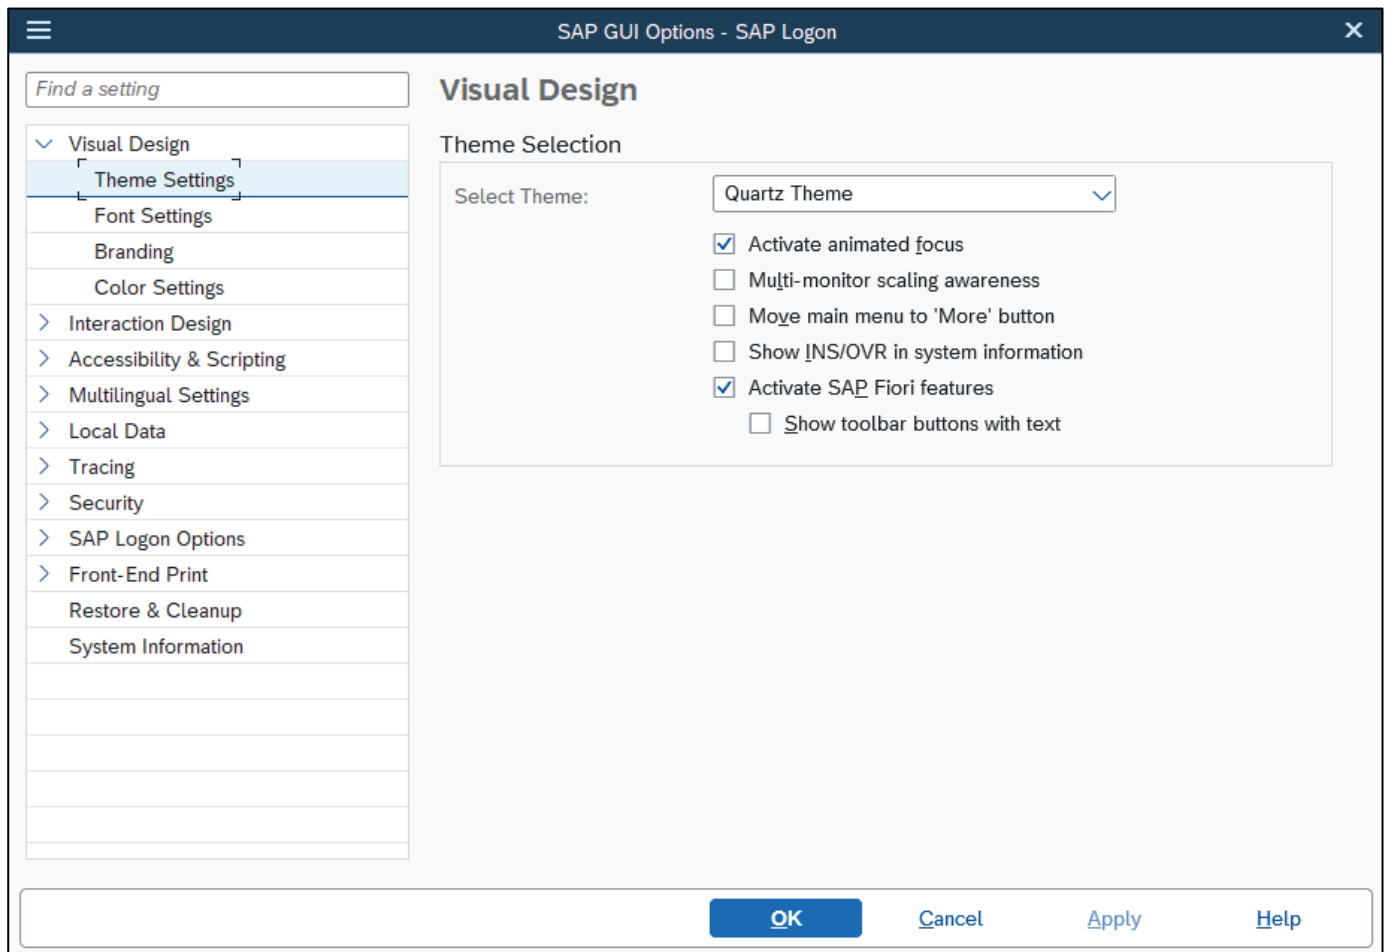

1. If working remotely, connect to AnyConnect (VPN – Virtual Private Network) first. AnyConnect gives you access to the UCT network which is required to access SAP. For more information, see the [AnyConnect page on the ICTS website](#).
2. Double click the  SAP Logon icon on your desktop (or click  in your Windows toolbar and search for SAP).
3. The SAP Logon 800 dialogue box appears. The screenshot below shows the SAP Logon 800 dialogue box using the Quartz Theme as this is usually the default for new SAP installations.

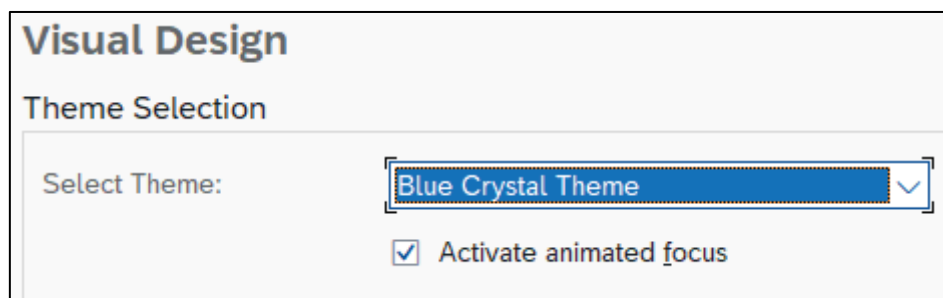

- Click  and choose *Options*.

## Changing the SAP theme (continued)

4. The *SAP GUI Options – SAP Logon* dialogue box appears.
  - In the left-hand menu, open *Visual Design* and choose *Theme Settings*.

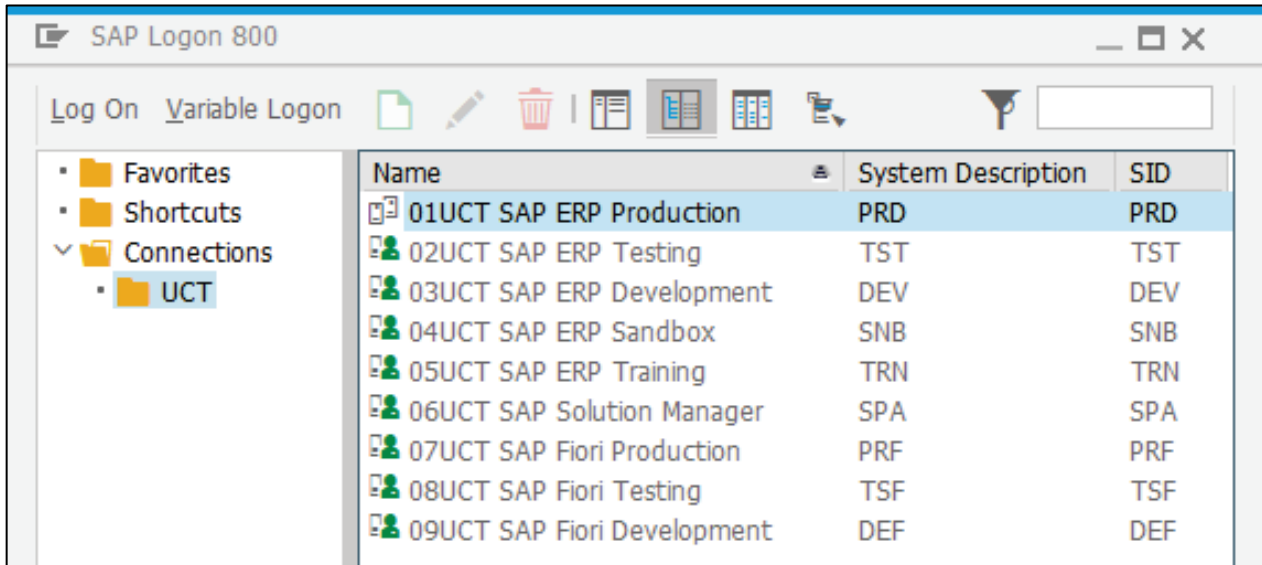

- In the *Theme Selection* section on the right, use the *Select Theme* dropdown list to choose *Blue Crystal Theme*.

- Click [Apply](#).
  - Click .
5. The *SAP Logon 800* dialogue box reappears. The new SAP theme will only appear after closing SAP entirely.
    - Close the dialogue box by clicking  *Close* in the top right-hand corner.
  6. Double click the  *SAP Logon* icon on your desktop (or click  in your Windows toolbar and search for SAP).

## Changing the SAP theme (continued)

7. The *SAP Logon 800* dialogue box appears in the Blue Crystal theme.

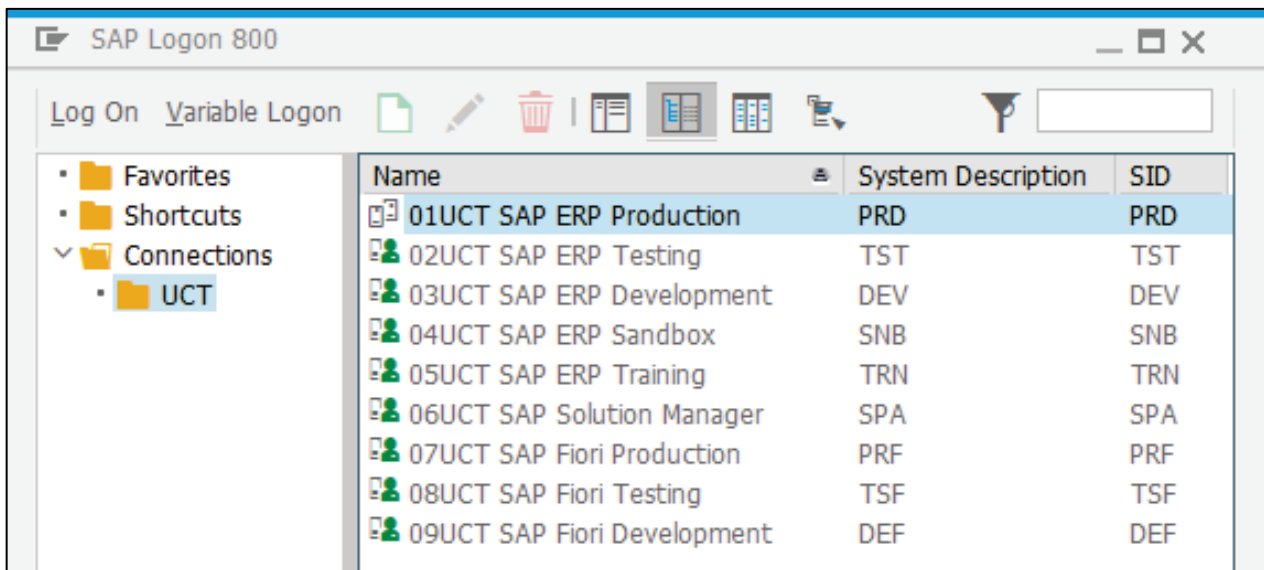

# Logging on to SAP

## Support

If you are unable to access SAP or are experiencing other technical difficulties, please contact the [IT Service Desk](#) for assistance.

## Procedure

1. If working remotely, please connect to AnyConnect (VPN – Virtual Private Network) first. AnyConnect gives you access to the UCT network which is required to access SAP. For more information, see the [AnyConnect page on the ICTS website](#).
2. Double click the  SAP Logon icon on your desktop (or click  in your Windows toolbar and search for SAP).
3. The SAP Logon 800 dialogue box appears. **Note:** If your dialogue box looks different, it is recommended you [change the SAP theme](#) to match the screenshots used in this guide.

- On the left side of the dialogue box, ensure *Connections > UCT* is selected.
- On the right side of the dialogue box, select *01UCT SAP ERP Production*.
- Click **Log On** (top left).

## Logging on to SAP (continued)

4. The SAP screen appears.

The screenshot shows the SAP login interface. At the top, there is a menu bar with 'User', 'System', and 'Help'. Below the menu bar is a toolbar with various icons. The main content area is titled 'SAP' and 'New password'. The form contains the following fields:

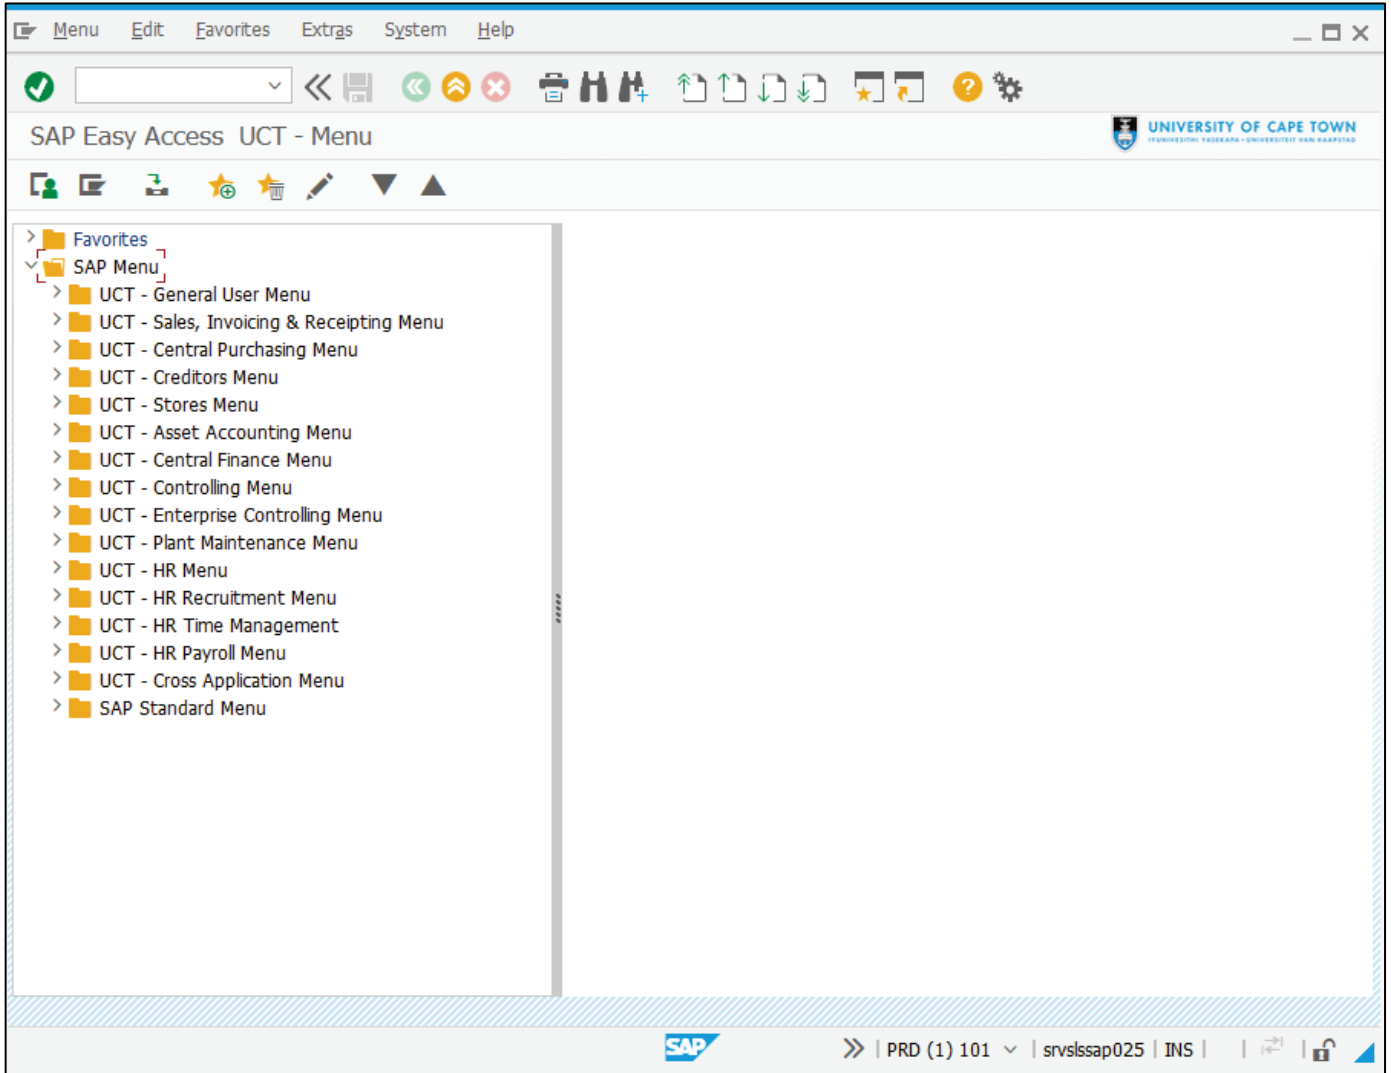

- Client: 101
- User: (empty)
- Password: (masked with asterisks)
- Logon Language: EN

An 'Information' box displays the message: 'Welcome to SAP ERP 6.0 at UCT'. The bottom status bar shows the SAP logo and system information: 'PRD (1) 000 | srvlssap025 | INS'.

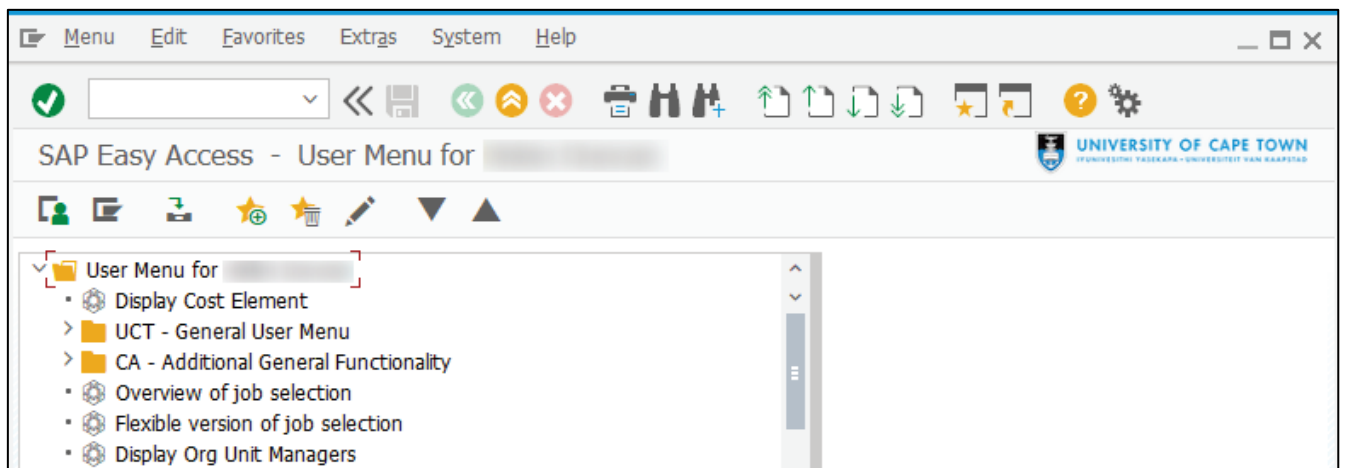

- Enter the *User* name, i.e. your 8-digit UCT staff number (including leading zero).
- Enter your *Password* for SAP.
- If you need to change your password, click [New password](#) . For more information, see: [Changing your password](#) in the UCT SAP online help.
- Click  *Enter*.

## Logging on to SAP (continued)

5. The *SAP Easy Access UCT - Menu* screen appears.

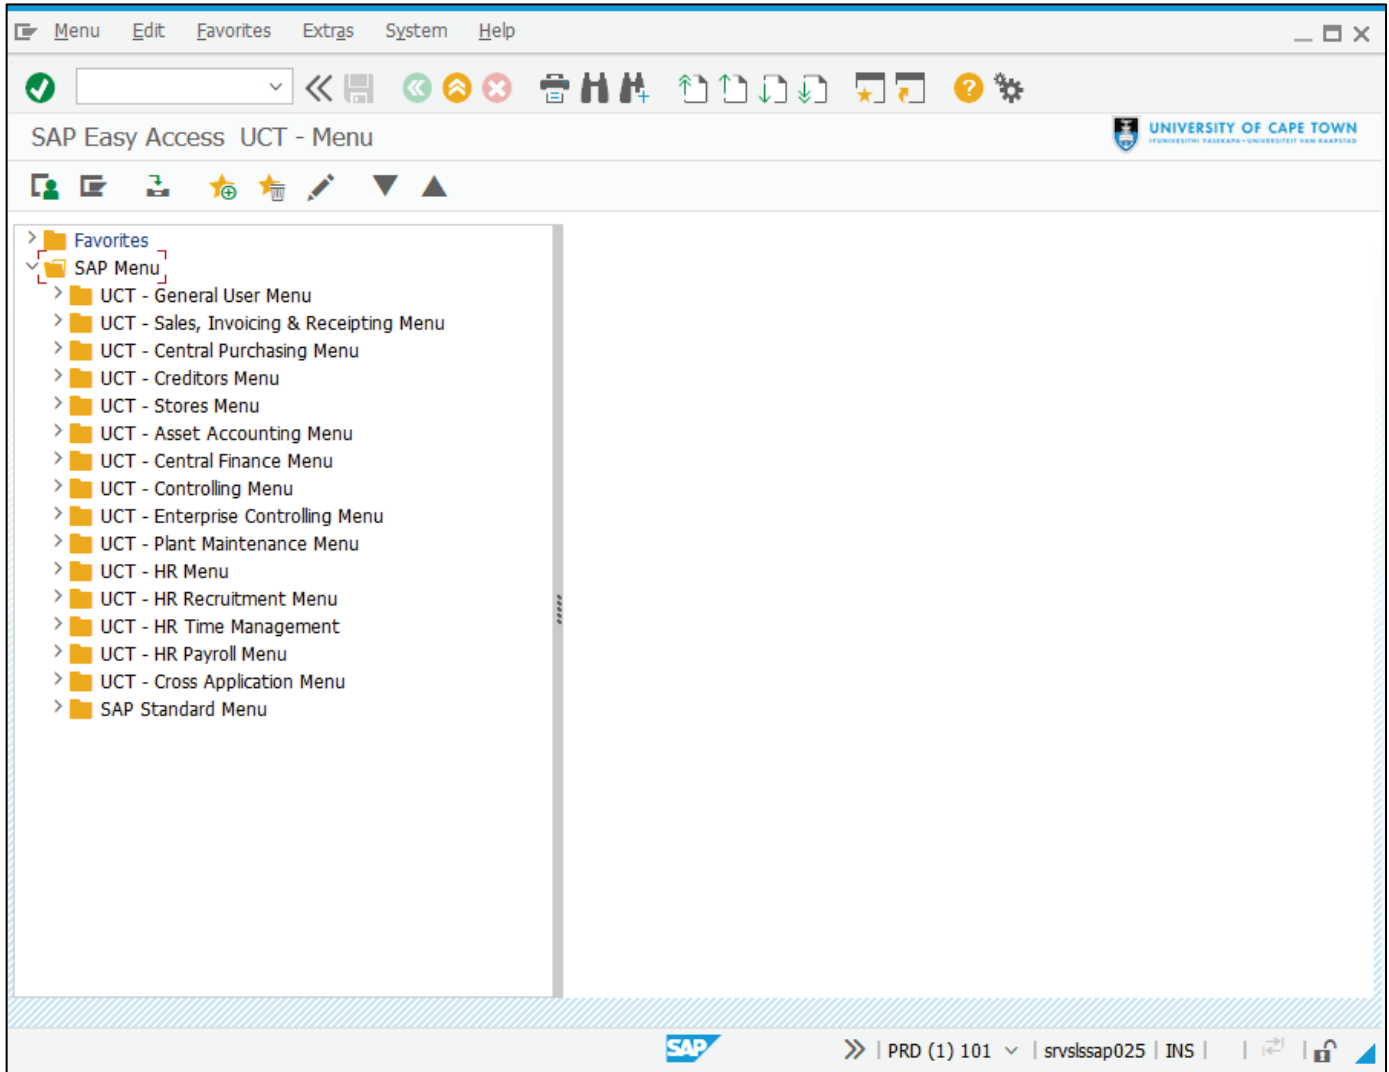

- The first time you log on, the *User Menu* screen may appear.

- Click  *SAP Menu* to display the SAP Menu screen.

# Parts of the SAP screen

Dropdown menus are available at the top of the screen.

Toolbar buttons give you quick access to options you use regularly.

	<i>Enter</i> button
	<i>Save</i> button
	<i>Back</i> button
	<i>Exit</i> button
	<i>Cancel</i> button

Each screen will have a title bar with the name of the screen displayed.

## Parts of the SAP screen (continued)

Each screen will have its own toolbar below the screen title.

The SAP menu is available when you first log in. Frequent tasks (transactions) can be saved in *Favorites*.

The status bar at the bottom of the screen displays error or warning messages on the left and system information on the right.

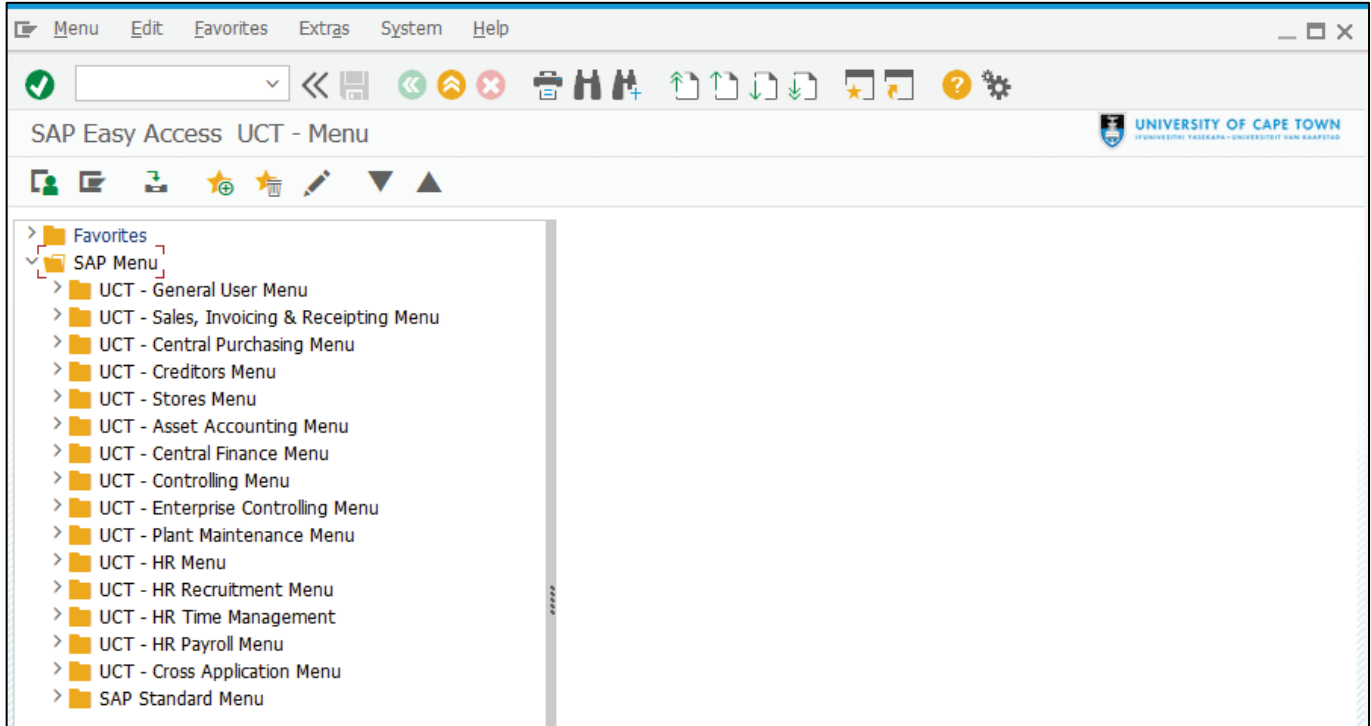

# Creating favourites

## Background

Frequently used tasks (transactions) can be added to your *Favorites* menu to speed up access in the future.

## Procedure

1. The *SAP Easy Access UCT - Menu* screen appears.

- In the top menu, choose *Favorites > Insert transaction*.

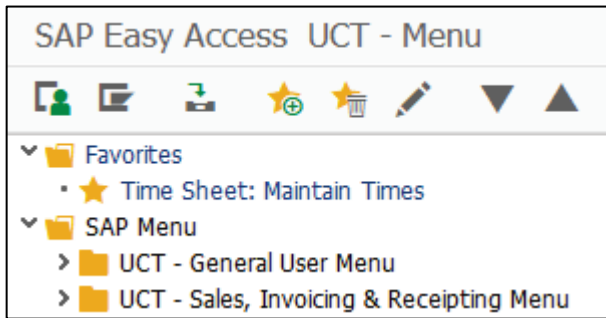

2. The *Manual entry of a transaction* dialogue box appears.

- Enter CAT2 in the *Transaction Code* field.
- Click  *Continue*.

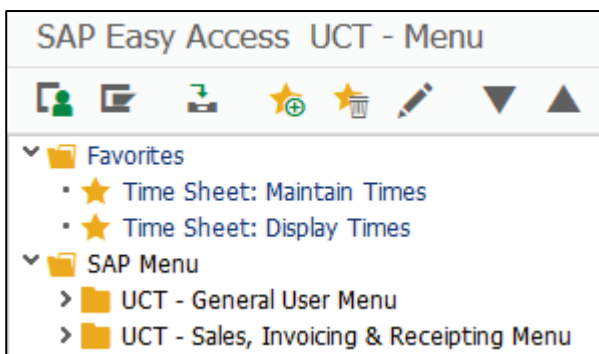

## Creating favourites (continued)

3. The *SAP Easy Access UCT - Menu* screen reappears, the new *Time Sheet: Maintain Times* favourite appears in the *Favorites* menu.

- Repeat from step 1 to add the favourite CAT3 (*Time Sheet: Display Times*).

4. The *SAP Easy Access UCT - Menu* screen reappears, displaying the two new favourite transactions.

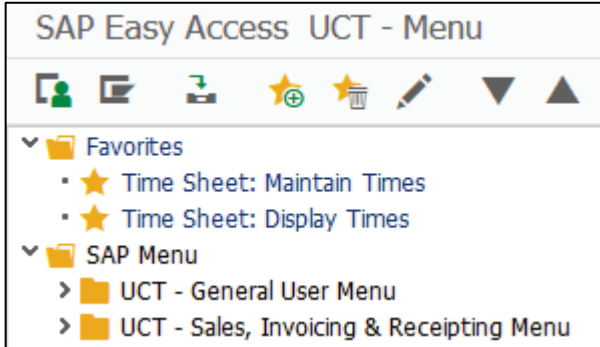

# Recording hours

## Background

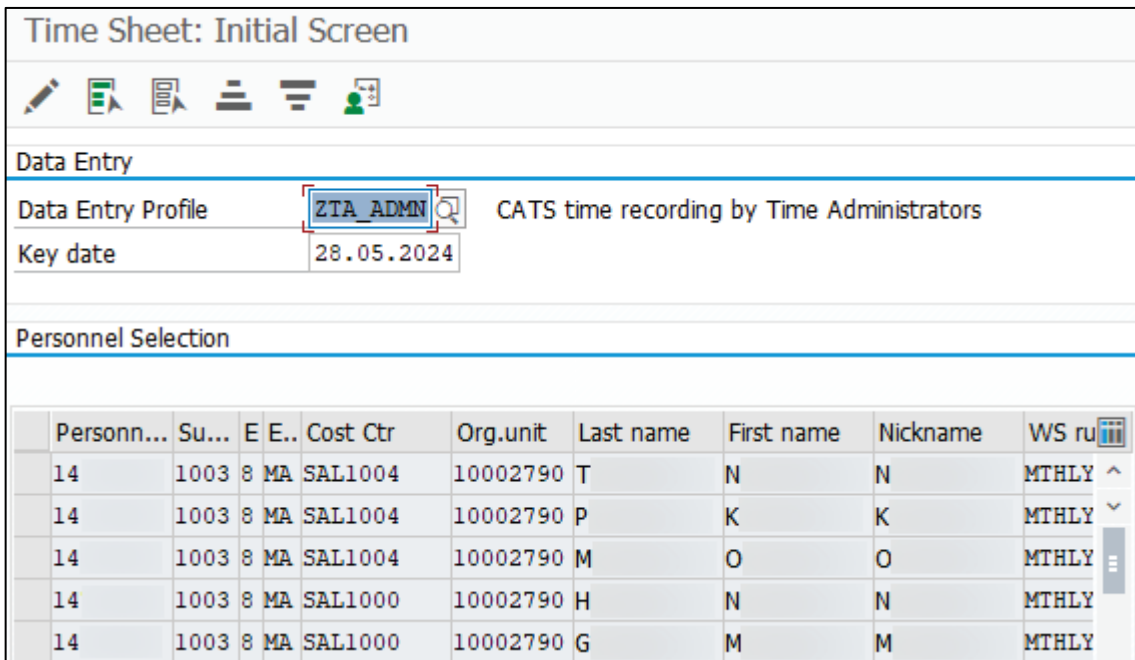

The Time Administrator records hours per staff member and releases the hours for the Manager to approve.

## Procedure

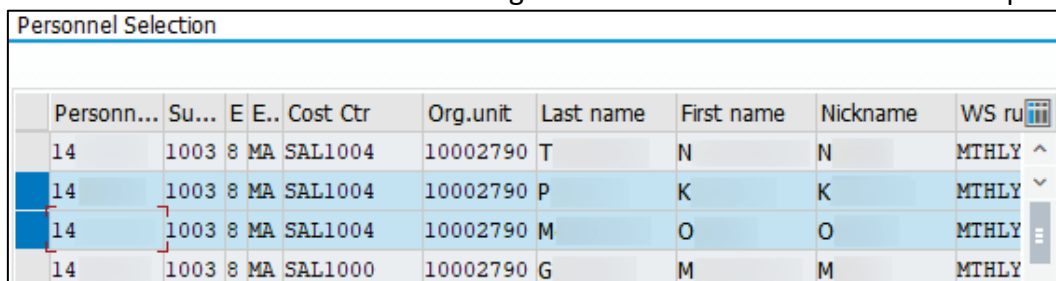

1. In your *Favorites* menu, double click *Time Sheet: Maintain Times*.

2. The *Time Sheet: Initial Screen* appears.

- Select one or more staff members using the  flat button on the left of the person's line.

**Note:** If the list of staff members is long, it may be easier to find a person if the names are sorted alphabetically. Click the header of the *Last name*, *First name* or *Nickname* columns and click *Sort Ascending* to sort alphabetically from A to Z or click *Sort Descending* to sort from Z to A.

- Click *Enter Times*.

## Recording hours (continued)

3. The *Time Sheet: Data Entry View* screen appears.

**Note:** If a Manager is reviewing a staff member’s hours, an error message in the status bar at the bottom of the screen indicates that the staff number is locked. If more than one staff member was selected, only the unlocked staff members will be available for recording.

4500	400.67	16.00	4.00		8.00	4.00		

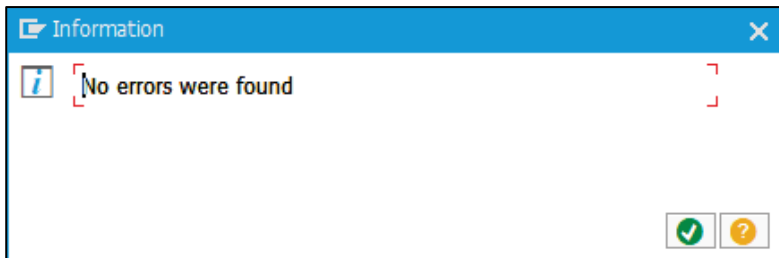

**Note:**

- If entering part hours try to use 15-minute increments: 0.25 for 15 minutes, 0.5 for 30 minutes and 0.75 for 45 minutes. E.g. 1 hour 45 minutes is entered as 1.75.
- If unable to use the suggested increments, ensure that you work out the minutes correctly by dividing by 60 minutes e.g. 41 minutes is 0.68 of a full hour so if entering 1 hour 41 minutes it would be entered as 1.68.

- Click  *Check Entries*.

6. The *Information* or *Display Messages* dialogue box appears, listing any errors found.

**Note:** If hours were entered for a day the staff member doesn’t usually work, a warning message about the non-working period appears in the status bar at the bottom of the screen. Click  *Enter* to acknowledge the warning. Further details of the hours worked will appear in the *Display Messages* dialogue box.

Display Messages
